

## HUNTING CAPE BUFFALO

Our Cape Buffalo Hunting is **SECOND TO NONE**, we have one of the few areas in South Africa where you can actually hunt Cape Buffalo out of a herd or follow up on some old Dugga Boys.

Most hunting areas in South Africa today only “stock” their areas with shootable Bulls. Not the case with Lew Harris Safaris, we have herds of Cape Buffalo with Big Bulls, soft Boss Bulls, cows and calves. There are also Batchelor groups of proper Dugga Boys in the thick stuff which is a Truley exciting and humbling experience to pursue.

With great waterholes and blind setups hunting Cape Buffalo with Bow is a great challenge and quite sporting.

Our smallest Cape Buffalo for 2018 measured in at 38 inches and the biggest bull was just over 43 inches.

Unlike other Outfits, we do not have a size limit and will do our best to get you as the hunter the Biggest Bull we can.

The thick Kalahari sand makes stalking a Cape Buffalo very tiring but at the same time quite easy due to less noise in the bush.
